Several years ago the Gloucester County Historical Society (GCHS) notified our organization that to regain space they wished to offer our Society the Wenonah Military Academy (WMA) artifacts donated to them by the WMA Alumni Organization. We agreed to accept it.

It was then decided by WHS leaders to use the materials as the basis to construct a museum on the second floor of the Wenonah Station/Community Center if members would volunteer to do the work necessary. Member Rocco Doto accepted the challenge and started on the project but soon, due to his demanding work activities, was forced to step away and leave the activity to others, should anyone step forward for the purpose. Being asked, I volunteered to give the museum a try.

The first thing I did was conduct an informal inventory of the materials received from the GCHS and learned that the WMA materials consisted of uniform parts and decorations, yearbooks and student publications, sales promotion brochures, sports

paraphernalia, and sports and educational activity photographs.

Other than WMA materials, we have many photographs of town activities, government records, records and photographs of service and women's club activity, Fourth of July programs and other holiday activities and church photos and writings.

There are also many plans and details of borough water, sewer and public works information donated by the estate of former Borough Engineer Bill Baum, along with the excellent Wenonah history written by the late Marjorie Lentz, and a history of Wenonah government activity from official Borough Minutes that I wrote following my terms in Wenonah government.

Once I had an idea of the type and quantity of historic materials we had to work with, I was fortunate to acquire the volunteered services of resident Julie Ream, who single-handedly identified, tagged and stored the materials while entering their identification information into our Past Perfect Museum Software computer program.

Julie spent countless hours, especially on week-ends, entering the material with the result that it can be located and accessed on a moment's notice. Without her assistance what we now have could not have been completed.

And what do we have at this time? The good news is that we have a significant amount of Wenonah's past put away in a retrievable manner that can be accessed relatively easily. The uniforms and other WMA memorabilia have been photographed, recorded, and then stored in museum-quality containers and acid-free wrappings. The written materials and photographs are stored in file cabinets and a flat-file and also tagged and numbered for

## THE PRESIDENT'S MESSAGE

by Charles Horan

This Friday evening we will mark the end of another successful season for the Wenonah Historical Society with our annual picnic beginning at 5:00 at the Community Center/Train Station. Hawks Corner Deli is providing two variety hoagie trays as well as potato and macaroni salads. Many thanks to those who signed up to bring appetizers, side dishes or desserts.

I want to thank the WHS executives VP Paul Lader, Secretary Vicki McCall, and Treasurer Carol Wiltsee for their dedicated service. Also, thanks to Jack "of all trades" Sheppard for his leadership of our museum. Barbara Price and Larry Smith also need to be commended for their contributions to our fine organization.

easy retrieval.

Most of the individual Wenonah artifacts such as locally made medicine bottles and the original Wenonah House Hotel desk bell (c 1872), etc. have been photographed. Many photographs chronicling the creation of the town from the Wenonah House Hotel through the Military Academy era have been assembled as a Power Point presentation and with the capable assistance of member Karen Heller are shown to the Wenonah Elementary fifth grade classes each year as a program entitled *Origins of Wenonah*. The WHS Mission Statement lists making history available to Wenonah school students as a major objective. And for good reason, for if we don't make it available to them, who will?

Having said all of the above, what is the "bad-news?" The "bad news" is that we have no space on the ground floor of the Community Center for display cabinets. Due to the narrow, steep stairs to the second floor, we have the same lack of display space there. With the potential for fire in this 120-year old structure, we cannot afford access to the collection as is done in most other museums. It is just not worth the risk.

So what is the answer? What can be done to overcome this access problem? It is this: For a long period of time I have been

seeking the assistance of a person or persons capable of creating an Internet website that could be used to display the Wenonah Museum materials without need for personal access to our building. I envision either a stand-alone website or preferably a site that could be attached to the official Wenonah borough website. Anyone, whether it be school personnel, students, our library or an Internet visitor, could enter the site and see photographs and text records of our entire collection. The Power Point programs, *Wenonah Origins* and *Wenonah Military Academy*, could also be accessed to provide both entertainment and education and thus provide the history of Wenonah to our children and other interested parties.

Can this and will this happen? I certainly hope so and our new "tech-savvy" museum curator, volunteer Larry Smith, is investigating the possibility. Relatively few have any idea of how wonderfully unique our little town is. The more that is known, the better chance of Wenonah's survival for future generations.

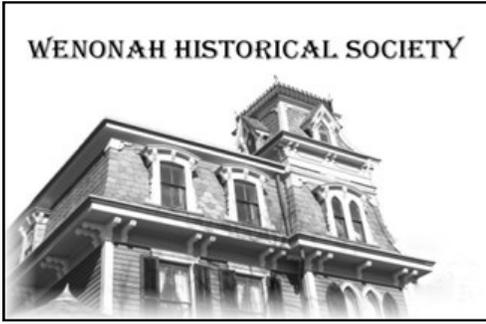

Anyone reading this who has energy and ideas and wishes to volunteer time and talent, please contact me at shepardsr@comcast.net or Larry Smith at 468-3480 or smithlr@att.net, at your convenience.

Jack Sheppard
