## New State Board Chosen Under **Recent Act Frames Stringent** Regulations

WATER COMMISSION

D

Special to The Inquirer. HARRISBURG, Pa., Sept. 24.-Rigid regulations, have, been adopted by the State Water Supply Commission for the incorporation of all water companies. Under the act of the last Legislature, establishing the commission, it is given the right to make its requirements as stringent as its members may se fit.

The new rules provide that hereafter no charter will be issued to a water company in Pennsylvania until the application for such charter shall have been submitted to and passed on by the Water Supply Commission.

Notice of the intention to apply for a charter must include the names of three incorporators, and shall designate the time when the application is to be made, the JENKINTOWN M. E. CHURCH. law under which it is made and the purpose of the company. Twenty-one days' notice must be given of the intended application, by advertisement in two of the newspapers printed in the county or counties in which water is to be obtained or

supplied. The certificate of organization must be on file in the State Department during the period of publication, and the fee for letters patent and the bonus on the capital stock must accompany the certificate.

Protests against the issuance of water company charters must be filed with the commission in duplicate as soon after the first publication as possible. The commission will then fix a date for a hearing. at which both sides will be given opportunity to state their, cases.

Applications for charters for water companics must furnish the commission with maps and plans to show the source of the water supply and the manner of its pro-posed disposition.
